

Fused Art Quilts

Fused appliqué is one of the methods Lorraine uses in her prize winning quilts. In this fun and relaxing class students will make a quilt top using one of the two designs featured at left.

In the 2 day class students will complete their quilt top and by the second day will have attached it to their batting ready for quilting.

The 1 day class is a condensed class. Students will be well on their way to completing their quilt top. Lorraine will give demonstrations and instructions on how students can complete their quilts at home.

You will learn tips and techniques to achieve perfect fusible applique. Lorraine will show you how to finish your quilt and the most suitable quilting designs to enhance your work are also covered.

A kit of hand dyed fabric is available and will ensure desired results.

KIT COST AU\$42 / Pattern cost AU\$3 payable to the Tutor in class.

Please advise Pattern choice and or Kit when booking.
